

## Evaluating Beer Techniques

### Beer Style and Sensory Analysis Training Sessions

### Beer Judge Certification Program (BJCP) Training

Whether you are an aspiring beer judge you'd like to strengthen your ability to evaluate and improve your own beers, or a craft beer fan, this course is for you. This series of 7 classes consists of both technical education and sensory skill development. These sessions will prepare you to pass the BJCP entrance and tasting exams, as well as develop the skills needed for evaluating beer.

Instructors are experienced **BJCP National** and **Master** ranked judges including **BJCP Exam Graders**, an **BJCP Exam Director** and a **BJCP Education Director**.

### Class Overview

- ❖ Appropriate for brewers of all levels
- ❖ Prepares you to pass the BJCP entrance and tasting exam
- ❖ Helps develop your evaluation skills with hands on practice in each session
- ❖ Provides commercial and homebrew samples at every class
- ❖ Offers a great chance to network with other homebrewers
- ❖ Provides the flexibility to pick and choose the sessions you want to attend
- ❖ Is a great value at **\$10.00 per session**

### Who Should Attend

- ❖ **Homebrewers hoping to take their brewing to a higher level**
- ❖ Anyone interested in becoming a BJCP judge
- ❖ BJCP judges hoping to advance their rank and learn the 2015 BJCP Style Guidelines
- ❖ People interested in learning more about beer and beer styles

### When & Where

- ❖ Classes will be held on **Saturdays** from **9:30 to 12:30**, starting in **November 2016**.
- ❖ Will meet every few weeks.
- ❖ All sessions will be held at **Northern Brewer (1306 S 108th St, Milwaukee, WI 53214)**

All sessions will have a specific technical topic and will dive into its impact on our beer. Throughout the sessions, we will cover the 118 beer styles found in the 2015 BJCP Guidelines, with a focus on ingredients, brewing technique and style history. We will be learning multiple styles per class with samples of commercial and/or homebrew examples of each style. We will explore various exercises to develop your palate and vocabulary, such as: beer sampling, doctored beers, ingredient teas, quizzes and homework. You will develop judging and evaluation skills by completing multiple scoresheets in each class, with reviews being provided by current BJCP judges and graders - which will help you calibrate your palate and scoring to other judges.

Class size is limited so reserve your seat in advance.
